USE AND
INSTALL!**

+

- ✓ SAND
- ✓ MUD
- ✓ SNOW

**GREAT ON
ANY TERRAIN!**

Mustmove[®]

BACK ON TRACK!

4WD tours, trips, or crossing: Stop wasting time trying to get out of sand, mud or snow. We have developed Mustmove® traction mats to perform in extreme conditions. These plaques are used by the French army.

Easy to store and clean

Flexible and rollable

Mustmove® traction mats are flexible and can be rolled up for storage. Designed from a polymer coated textile, they are waterproof and easy to clean.

Convenient and easy to use

A full kit

The kit includes:

- 2 roll-out mats
- An insertion stake
- An anchoring set that allows the traction mats to be securely fixed to the ground

INNOVATIVE PRODUCT

Tested, approved and used by the French army

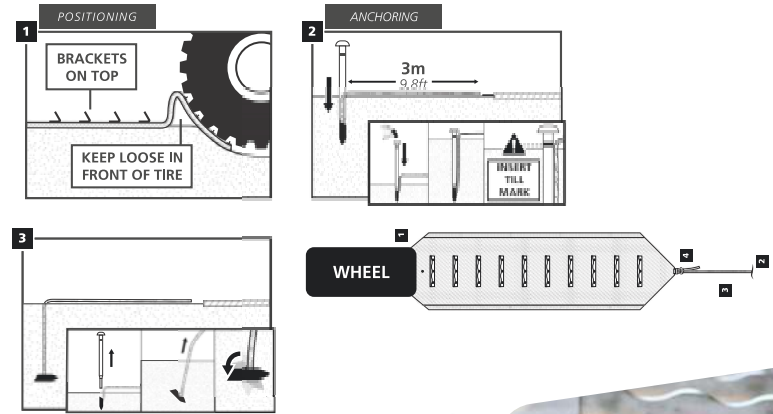

Extremely durable

The traction mats deliver superior bearing capacity and abrasion resistance under heavy load. Made out of technical fabric coated with impervious polymer, they are reinforced with Aramid (Kevlar).

Mustmove® traction mats are repairable.

Directions

For all vehicle types

3 sizes M, L and XL

Technical characteristics / products:

DESCRIPTION	CAPACITY	LENGTH (mm)	WIDTH (mm)	WEIGHT/KIT
Mustmove® M	< 3,5 T	1500	375	9 kg
Mustmove® L	<= 12 T	1950	500	15 kg
